GOOD DESIGN® Award for BT45

Awarded BT45 CG, 'the kitchen of the future'

Read 180 times

01/06/2020 - **BT45 CG** kitchen won a 2019 GOOD DESIGN® Award from The Chicago Athenaeum: Museum of Architecture and Design and The European Centre for Architecture Art Design and Urban Studies. Founded in Chicago in 1950, GOOD DESIGN remains the oldest and the world's most recognized program for design excellence worldwide. This year, the Museum received a record number of submissions from the world's leading manufacturers and industrial and graphic design firms representing the most important and critical mass of influential corporations in the design industry from over 47 countries.

BT45 luxury kitchen manufacturer presented its CG kitchen at KBIS in Las Vegas earlier this year, where it won the hearts of the American Architecture and Design Community.

CG kitchen by BT45 was also called *"the kitchen of the future"*.

Besides, the furniture-based design approach, which dominates the most of the **BT45** state of art kitchens, CG kitchen is featuring the monolithic island made out of real marble, which looks like a solid marble block. BT45 Design team Natasha Shtapauk and Cesar Giraldo preferred to use the real marble for the drawer fronts and the countertop. The marble is also bookmatched on all the sides, including all the interior surfaces of the custom sink. Every drawer is outfitted with functional and aesthetic bespoke BT45 Accessories to complete the luxurious experience of BT45 CG kitchen, where every single item is perfect, luxurious and balanced. Congratulations BT45!
