

*The Gusto chandelier with gunmetal fittings by César Giraldo for Studio M Lighting* Courtesy of Studio M Lighting

At Legends of La Cienega, Studio M Lighting launched Futuristic & Full of Gusto, its first collaboration with César Giraldo. Available as pendants and wall and ceiling lights, the hand-blown glass designs are based on bespoke pieces the Los Angeles designer created for a client residing in Marilyn Monroe's former Hollywood home and come with your choice of gold or gunmetal fittings for an added dash of glamour.
