A NEW PERSPECTIVE

Spring Market at the Pacific Design Center

The Baker McGuire showroom at the PDC hosted a panel on “A Well Designed Life” with three powerhouse designing women and how they’ve paved their own way to success. Panelist included Lori Weitzner, Claudia Afshar and Jane Breegan and was moderated by Jennifer Convy CEO, Women in Luxury Design. The three designers have proven there is no one way to achieve your creative business, design goals and dreams, they each candidly shared their incredible journeys with insight to their own reinvention to success. *California Homes* was the media sponsor with standing room only.
